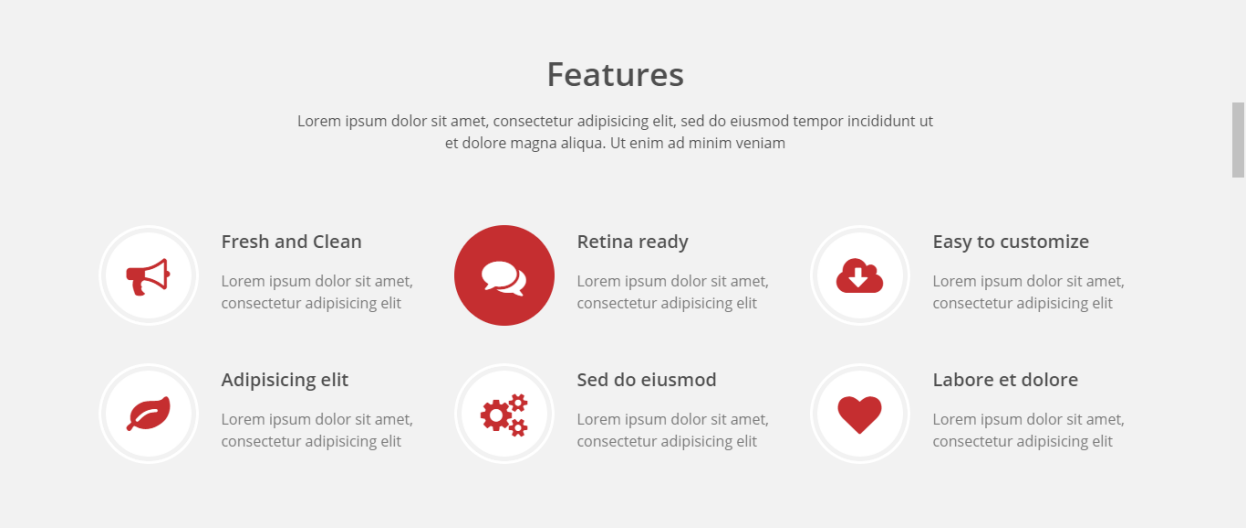
CSS3 lab

1- Using font awesome CDN to create the icons

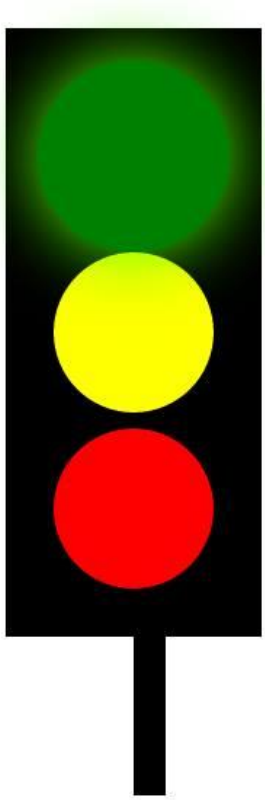
https://stackpath.bootstrapcdn.com/font-awesome/4.7.0/css/font-awesome.min.css"

icons html code:

```
<i class="fa fa-bullhorn"></i>
<i class="fa fa-comments"></i>
<i class="fa fa-cloud-download"></i>
<i class="fa fa-leaf"></i>
<i class="fa fa-cogs"></i>
<i class="fa fa-heart"></i>
```

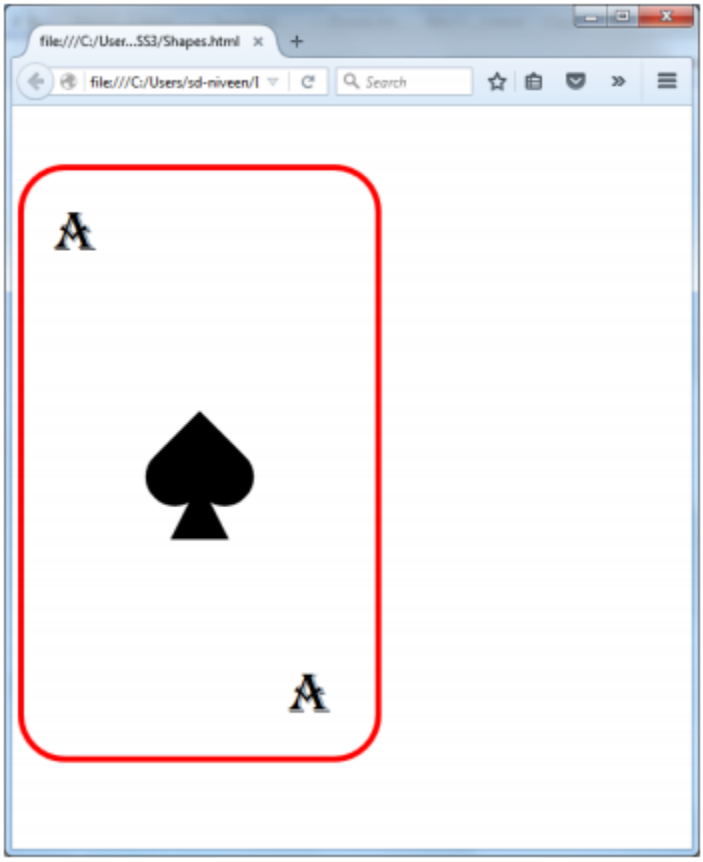


2- Hovering on colored div makes it larger and give it shadow with a transition 1 sec



3- Bonus: check this site to draw the shape below

https://css-tricks.com/the-shapes-of-css/



file:///C:/User...SS3/Shapes.html
file:///C:/Users/sd-niveen/I
